Ads by Google It's a classic survival horror game set in the fictional Umbrella Corporation's bio-weapons laboratory in the year Raccoon City was the site of a terrible viral outbreak—the virus quickly spreading around the world, becoming highly contagious and deadly in it's victims. Intrepid team of "Milla Jovovich's" and "John Leguizamo's" have once again been given the task of finding a cure. Features: Leather-clad zombies, Biohazard-inspired weapons, and classic gameplay. Letter from the Producer. Available on the official website, 9/4/2009, by Capcom! The Survival Mode includes all major features of the full game. Resident Evil 5.0 is a direct sequel to Resident Evil 4 and the fifth main installment in the Resident Evil series. It was published by Capcom on February 15, 2009, and was developed by the same team that made Resident Evil 4. A special edition was
